We For Education Welfare Society

Established 2019 · Shastri Nagar, Meerut, Uttar Pradesh

“Building an empowered and self-reliant community through education.”

About the Organisation

A non-governmental organisation founded by a group of like-minded individuals to give back to the community. It works to close the education gap for underprivileged children through free and low-cost education, scholarships, and skill development.

Education

Skill Development

Healthcare Awareness

Animal Welfare

Key Initiatives

- Vidhya Vikas Yojana — scholarships covering up to 80% of fees for deserving students
- Computer, career and entrepreneurship training for underprivileged youth
- Digital marketing course designed for housewives
- Health camps and the Birds Care Programme for the local community

Objectives of the Internship

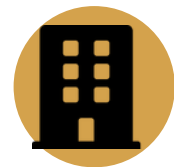

Assist in delivering learning sessions for underprivileged children

Support one-on-one and small-group learning for students needing extra help

Help prepare teaching aids, worksheets, and simple activity material

Understand how a grassroots NGO plans and delivers education with limited resources

Gain practical exposure to teaching, coordination, and community engagement

Roles & Responsibilities

As part of the education support team, I contributed directly to the NGO's on-ground teaching programme for underprivileged children in Meerut.

1

Assisted in conducting learning sessions under the NGO's education programmes

2

Supported one-on-one and small-group learning for students needing extra help

3

Helped prepare teaching aids, worksheets, and simple activity material

4

Assisted staff in organising and coordinating classroom activities

5

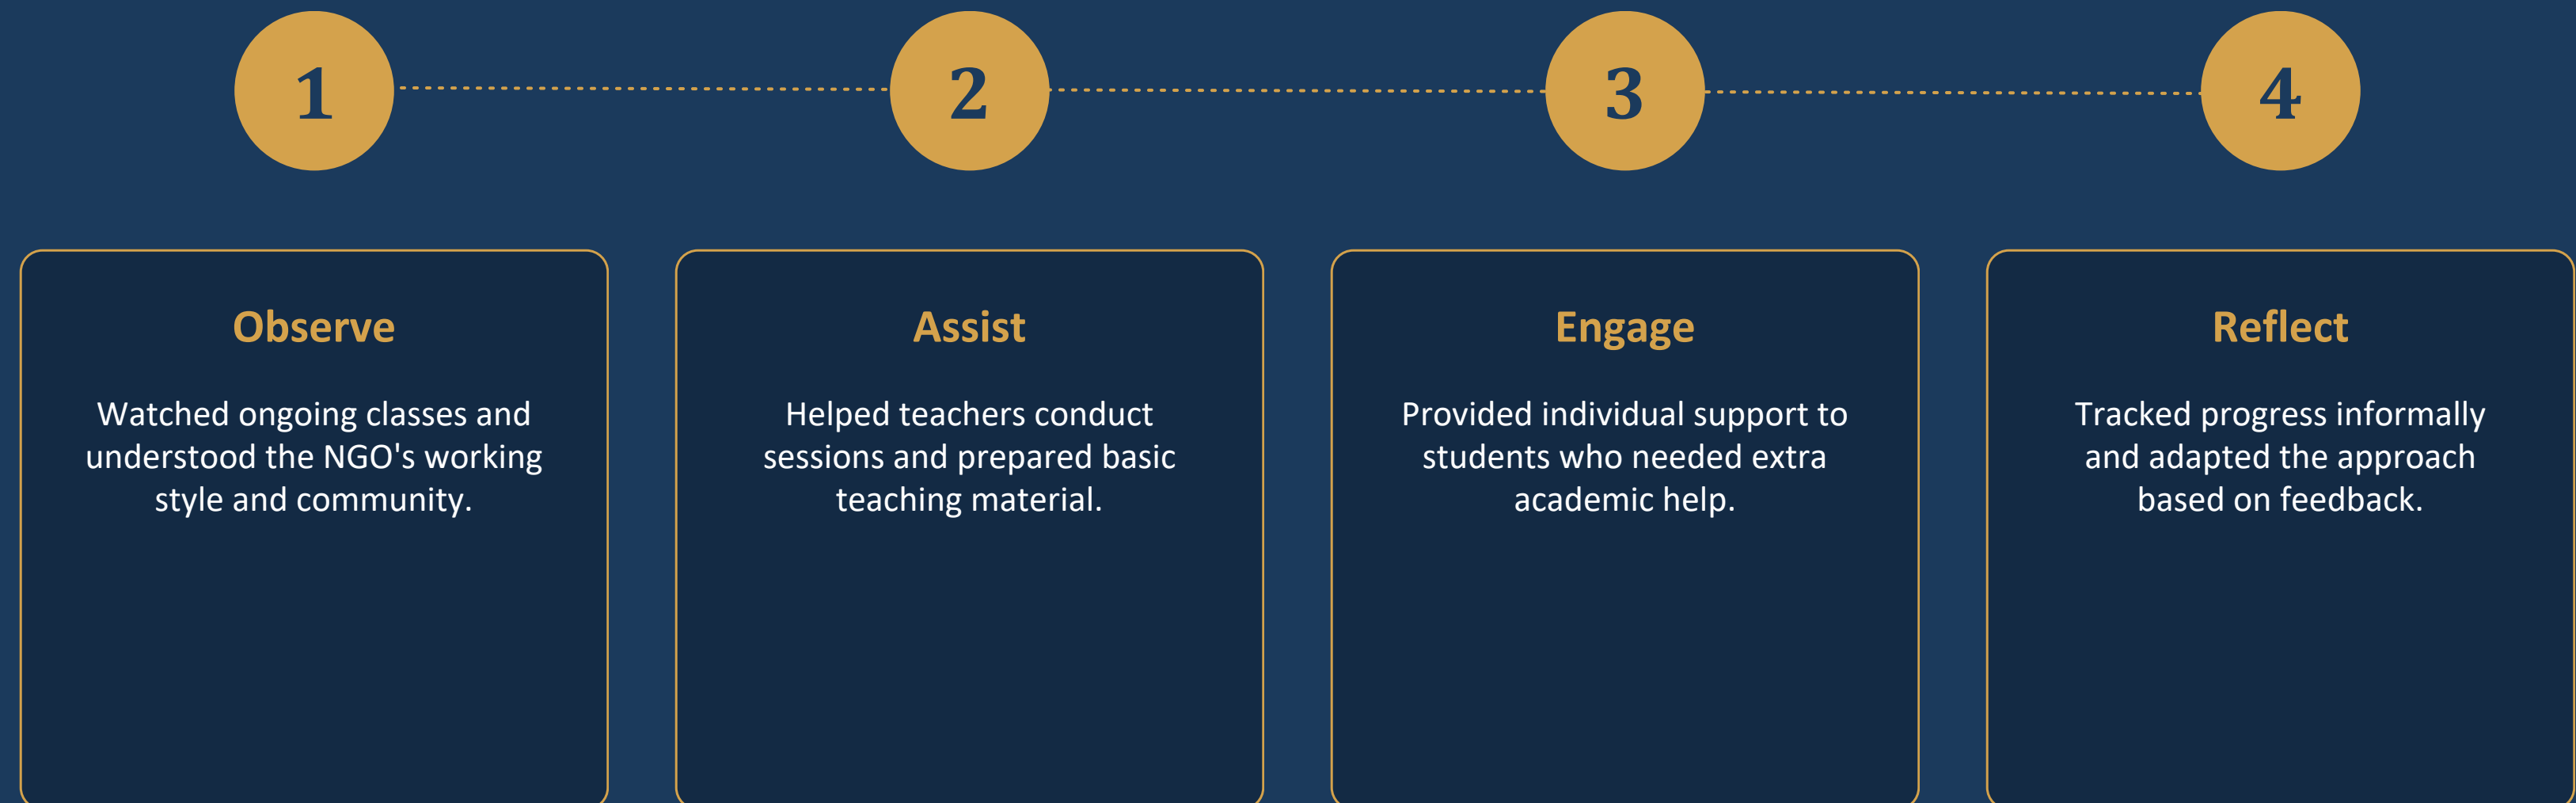

Helped maintain attendance records and basic progress notes

6

Interacted with parents and the community as part of outreach

My Approach

An observation-then-participation approach, followed over nearly six weeks

Tools & Resources Used

As this was a teaching-focused internship rather than a software project, the tools used were everyday digital and office tools:

MS Word / Excel

Preparing worksheets,
attendance sheets and basic
progress records

MS PowerPoint

Preparing simple visual teaching
aids for classroom sessions

WhatsApp / Google Forms

Communication with volunteers
and collecting basic student
information

Basic Computer Literacy Tools

Used while assisting with the
NGO's computer training
sessions

Learning Outcomes & Skills Gained

Communication Skills

Improved my ability to communicate clearly and patiently with people from different backgrounds.

Teaching & Mentoring

Learned patience, adaptability, and how to simplify concepts for different learning levels.

Understanding the Social Sector

Gained insight into how a grassroots NGO plans and delivers impact with limited resources.

Empathy & Responsibility

Became more aware of educational inequality and strengthened my sense of social responsibility.

Organisation & Time Management

Improved planning through scheduling, record-keeping and coordinating activities.

Teamwork

Learned to collaborate effectively within a small, resource-constrained team.

Challenges Faced

Adjusting to varying learning levels of children within the same session

Working with limited teaching resources, requiring improvisation and creativity

Building trust and rapport with children and the community in a short period

Balancing structured teaching plans with the NGO's flexible, on-ground way of working

Certificate of Completion

Conclusion

My internship at We For Education Welfare Society was a valuable and enriching experience. It gave me a first-hand understanding of how education-focused NGOs operate at the grassroots level, and how small, consistent efforts can meaningfully change children's lives.

Beyond academics, it helped me grow as an individual — improving my communication, teaching, and organisational skills, while deepening my empathy and sense of social responsibility.
